

# Request from Yamanashi

## ～ Fill in your information ～

Here in Yamanashi Prefecture, as a virus prevention measure, we ask that Green zone certified facilities contact customers in the case of an infection for a period of **at least one month** after the customers visit. Therefore, it is **necessary** that all visitors fill in the “entry sheet” available at the facility with their name and cell phone number.

In certain cases, the information you provide may be shared with health centers within the prefecture.
